

⚠ WARNING

1. Be aware of the risk of open fire and other sources of strong heat, such as electric bar fire, gas fire etc in the vicinity of the cot.
2. Do not use the cot if any part is broken, torn or missing and use only spare parts approved by the original manufacturer.
3. Do not leave anything in the cot or close to another product, which could provide a foothold or present a danger of suffocation or strangulation, e.g. strings, blind/curtain cords, etc.

Note

1. A cot is ready for use, only when the locking mechanisms are engaged. Check carefully that mechanisms are fully engaged prior to usage. All assembly fitting should always be tightened properly and that fitting should be checked regularly and retightened as necessary.
2. In order to avoid any danger of suffocation, ensure to remove plastic before using the cot.
